Rules to Live By in this class:

- Be on time (in your desk) before the bell. If late, quietly enter the class and take a seat.
- At the beginning of every class, students will have the opportunity to store their cell phones at the front of the class. For every class they decide to participate, they will earn 1 extra credit point. At the end of the term, these points could mean the difference between a lower or higher letter grade so I encourage all students to participate in this opportunity.
- Students may not use cell phones in class regardless of whether they choose to store it in their backpack or at the front of class.
- **DEPEND ON YOURSELF FOR SUCCESS**, and hold yourself accountable if you're not doing the job. Don't lay blame on other factors. Your grade and whether you pass or fail will only affect YOU in the end, so take responsibility and **DO YOUR BEST!**
