

NORKAM SECONDARY SCHOOL & SCHOOL DISTRICT #73
INTERNET ACCESS AGREEMENT
For Parents, Guardians and Students:

School District #73 is excited to offer your child the opportunity to utilize the Internet as a part of his or her educational experience at school. From a computer at the school, your child can be linked to other schools in the district and to millions of computers on the Internet. Using this resource, your child will be able to access information on a host of topics all over the world. The opportunities for quality learning appear limitless.

There is also a dark side to Internet use. The District believes that the benefits of Internet outweigh the potential risks but also believes that parents should be aware of those risks. If your child chooses to violate District policy and guidelines, he or she may be able to access information of a pornographic, violent or racist nature. With the attached Waiver and Acceptable Use Policy, School District #73 wishes to inform you of these dangers and to make very clear that the responsibility for appropriate use of the SD #73 Net lies mainly with the student, within the context of appropriate supervisory practices by school staff.

School District #73 (Kamloops/Thompson) (the "School District") requires that a parent/guardian sign a Consent, Waiver and Indemnity form before a student will be permitted access to SD #73 Net at school. More information regarding SD#73 Internet policy is available at the school or at the district website www.sd73.bc.ca (type in Internet Access Agreement in the search). Please fill in applicable portions of the form below and return it to the school. If you have any questions, please contact the school for more information.
